

Driver Charged In Roll-Over

A Grayling man will be charged with drunk driving following an accident Saturday at 12:16 a.m. at the intersection of Military Road and County Rd. 203 in Beaver Creek Twp.

Sheriff deputies say the man was driving too fast, lost control, and rolled his car. He was taken to Mercy Hospital for treatment and released. He will be charged with O.U.I.L. deputies say. Two passengers in the vehicle fled the scene after the accident and both sought own treatment at Mercy Hospital. One of the men was later arrested for four outstanding warrants. Both passengers were also from Grayling. No names have been released yet.

Forty gallons of gas were taken from Jack Millikin Construction along N. Down River Rd. between dark Monday night, May 14, and Tuesday morning. The thieves also tried to break into a trailer at the site but were unsuccessful. Anyone with information can call the anonymous police tip line 348-6341 ext. 3000.

Children playing with matches started a fire five miles east of Grayling near N. Down River Rd. May 15 that burned 15 to 20 acres. The DNR forest fire unit contained the blaze that was reported at 5:35 p.m.

More Range Shells Found

A Maple Forest woman found a live illumination round near Guthrie Lake and carried the explosive in her car to her home where she called the sheriff dept. Sheriff deputies reported the woman was afraid children might discover the explosive if she left it. Camp Grayling personnel detonated the round May 16 a day after they picked it up from the woman's yard.

Another shell was reported by a citizen who spotted it in the middle of a trail off County Rd. 612 in Frederic Twp. May 19. Camp Grayling personnel took care of the training round. The sheriff dept. and Camp Grayling urge citizens to report all shells without moving them.

All 5th Graders To Be Housed in Frederic Elem.

By Jon Thompson

The Crawford AuSable School Board approved sending all district fifth graders to Frederic for the 1984-85 school year.

Superintendent Kent Reynolds said it is a space problem that prompted the decision. Grayling Elementary has 20 classrooms and grades K to 4 will fill all those.

In 1983-84, three classes of fifth graders were bused to Frederic while one fifth grade class stayed in Grayling. Other elementary classes have also been bused to Frederic in previous years. Approximately 92 fifth graders will be housed in Frederic next year — 16 from the Frederic area and 76 transferred from Grayling Elementary.

Reynolds said by housing all the fifth graders in Frederic, the students will benefit from improved flexibility in instruction not available when the grade is split between two buildings.

Memorial Day Ceremonies May 28

The annual Memorial Day Ceremonies will be Monday, May 28, at 10:00 a.m. All participants should be on the County Road alongside the cemetery at 9:30 a.m.

The board at their regular meeting Monday, May 14, also approved sending Frederic sixth graders to the Grayling Middle School for 1984-85. In the past, Frederic sixth graders have stayed at the Frederic Elementary.

Next year, a small class of approximately 19 sixth graders is expected at

Frederic. By switching to the middle school, a split classroom at Frederic is avoided and Frederic sixth graders will have the opportunity to take band, foreign languages, and computer classes not available at the elementary school. All sixth graders from other parts of the district attend the middle school.

Early Bond Sale Saves County Money

An early sale of more than \$1.1 million in tax notes by Crawford County will save the county because of lower interest rates.

Crawford is selling their tax anticipation notes three weeks earlier this year than last year placing the county among the first from 73 counties to sell the tax notes.

John Axe, of Financial Consultants, Inc. of Bloomfield Hills, said the counties

who sell early receive better interests than those counties selling later when the market is flooded.

Axe credited county treasurer Joseph Wakeley as the major reason the county was able to be among the first to prepare tax notes. Wakeley has served as county treasurer since 1973 and has worked with preparing tax notes since 1976.

Blood Bank at Legion May 30th

Mark your calendars, now, please, you wonderful blood donors of Crawford County: Wednesday, May 30th, from Noon until 6 p.m., at the American Legion Hall, and plan to come and give a pint of blood! A gift that only you can make to help save someone's life!

Let us tell you of someone whose life was saved by blood given by unknown donors, not once but three times!

Matthew Noble, the son of Sue and Doug Noble of Saginaw Street in Montrose, is alive and healthy today, but only after undergoing three open heart surgeries within three months in the summer of 1981 when he was five years old.

Matt was born with a large hole in his heart. Doctors told his parents he would have to undergo open heart

surgery eventually and when he was five they decided it should be accomplished.

The first operation was unsuccessful and after he was home, convalescing, he suffered a cardiac arrest and had to be revived by CPR (Cardio Pulmonary Resuscitation) administered by a Red Cross trained volunteer.

Rushed back to the hospital in an ambulance, it was necessary to do a second open heart operation. About a month after the second operation Matt suffered another heart stoppage while in his doctor's office and again he was revived by prompt administering of CPR. His medics then recommended he be flown to Mayo clinic in Rochester, Minnesota in an air ambulance with the hope that

Casler, Mesack Lauded For Treating Wildlife

By Jon Thompson

Crawford County veterinarians Wayne Casler and Paul Mesack were honored Friday for their volunteer wildlife work by two branches of the DNR, the Grayling City Council, and the Grayling Chamber of Commerce.

Since 1973, when Casler started the Grayling Hospital for Animals, and 1976, when Mesack joined him, the pair have been providing free care for wildlife from an area ranging from Houghton Lake to Gaylord, Mio, and Kalkaska.

It all started with a red-tailed hawk Casler healed and returned to the wilds in 1973, and the most recent patient was an eagle last week.

"It's been a lot of fun for us," Casler said. "How many other people get to see an eagle up close?"

"It is rewarding," Mesack said. "We've had kids show up at the door with everything from injured sparrows to skunks. Whatever wild animal shows up, we take care of it free of charge."

"They've done a tremendous job for us," said Gary Boushelle, DNR regional wildlife biologist for 33 counties in northern lower Michigan. "The DNR just doesn't have the facilities or expertise to provide wildlife rehabilitation. We do have one lab in Lansing but often wildlife need immediate local care."

"We're very fortunate to have them," said Tom

Havard, district wildlife biologist from Mio. "People forget biologists aren't trained for treating wildlife."

Bruce Patrick, DNR Conservation Officer, said the two doctors have x-rayed everything from elk to birds for law enforcement at no charge. He also thanked the pair for their contributions as instructors in hunter safety programs taught to several hundred students.

Ray Perez, DNR wildlife biologist from Grayling, said the pair stand a cut above the rest because they do care and respect the wild animals they treat.

Casler and Mesack received four framed certificates of appreciation from the DNR wildlife division, DNR law enforcement, the Grayling City Council,

and the Grayling Chamber of Commerce, and a pair of framed wildlife paintings.

The two veterinarians have treated bear cubs, deer, turkeys, and even song birds. Mesack said most of the wildlife brought in by the DNR are raptor birds. He said persons finding a wounded animal should immediately call the DNR, and advised against treating it at home. One eagle brought to the wildlife veterinarians had been fed only bread and water for three weeks at a private residence. The eagle eventually died.

Persons should especially be wary of picking up fawns this time of year that appear lost. Perez said the mother is usually always nearby no matter how weak the fawn appears.

FRIENDS OF WILDLIFE — Veterinarians Paul Mesack, left, and Wayne Casler, right, were presented paintings by DNR wildlife biologist Ray Perez in appreciation of their volunteer work in treating wild animals for a combined 19 years.

Cotant Seeks Judgeship

James C. Cotant, Otsego County Prosecuting Attorney, has announced that he will seek the newly created 46th Circuit Court Judgeship.

Cotant, 41, of Gaylord, was elected Otsego Prosecutor in 1980 and served as assistant prosecutor for five years in Otsego County and two years in Oakland County.

He is a partner in the law firm of Dennany & Cotant and has served as legal advisor for the Detroit Police Dept. and administrative assistant to the Detroit Police Commissioner.

"I believe that my varied experience in all the state and federal courts, in both civil and criminal law, makes me uniquely qualified for the Circuit Court Judgeship," Cotant said.

"I pledge to provide the citizens of the 46th Circuit with a full and fair measure of justice," he said.

Cotant received his juris

doctorate from the Detroit College of Law and received a bachelor of science degree from Xavier University in Cincinnati. He is admitted to all Michigan and Federal Courts including the Supreme Court of the United States.

Cotant is a member of the criminal law section of the Michigan and American Bar Associations, the National District Attorneys Association, the Prosecuting Attorneys Association of Michigan, and a member of the family law section of the Michigan Bar Association. He served as president and vice-president for the 46th Judicial Circuit Bar Association and was a member of the representative assembly representing the 46th Judicial Circuit. Cotant is an arbitrator belonging to the American Arbitration Association and chairman of the hearing panel for the Attorney Discipline Board.

"I pledge to provide with Judge Porter, the same fair and impartial justice we presently enjoy. I am certain that working together with Judge Porter, we could provide the litigants of the Circuit Court an early resolution to their problems and quickly eliminate any backlog that exists."

MEMORIAL DAY

"Rest on,
Thou Sainted Dead,
Dear is the Blood
You Gave!
No Impious footsteps
Shall tread
The Memory of your Deed
Nor shall your Glory
Be forgot!
Fame and Honor
Points the Hallow'd Spot
Where
Valor proudly Rests!
Sleep on, Sleep on,
Heroes All!!!"

Once again we are approaching one of the most important days of the year...next Monday, May 28th the nation will pay homage to those who gave their lives for their country on Memorial Day...the day one stops and pays respect to those we knew who paid the supreme sacrifice while serving their country in time of need...here in Grayling the American Legion Post 106 will be in charge of the activities for the day...let it be a day we "lest forget" for the many...

We attended the dedication and open house of Logistical Support Facility at Camp Grayling last Saturday and may we say the building is awesome in size...it has in excess of 109,000 square feet of storage and administrative areas, replacing some 20 other separate structures that were previously used...the LSF, built at a cost of \$1.8 million, allows for the first time a consolidation of all supply and storage functions for Main Camp in one building...the LSF receives, stores and issues supplies, equipment and rations to troop units utilizing Camp Grayling...

Driving out of camp we noticed a string of new barracks and they reminded us of the ones we lived in while taking basic training in Fort Leonard Wood...they are two stories and are permanent construction...Camp Grayling may never become a year around training camp but, from the looks of the building that is going on and that of which is still on the drawing board we see it to be the next thing to year around...

Since 1960, Camp Grayling has undergone an extensive building program. More than 6.9 million dollars has been spent to make Camp Grayling the finest state owned camp in the United States...During Annual Training 1979-1982, 92,716 personnel trained at the site for two week periods...

Troops first trained at Camp Grayling in 1914 with the quartering of one regiment of 1,000 men. In June 1916 the Michigan National Guard was called into Federal service at Camp Grayling and immediately sent to El Paso, Texas for patrol duty along the Mexican Border...from then until now, the camp has grown bigger each year...

This takes care of this week's efforts, so will bid T.J., Stefany and Amber goodnight, and to all of our readers, have a nice weekend, and pause for a minute on Memorial Day for those who gave...

The Bible Speaks

From Calvary Baptist Church

MARKS OF A
HYPOCRITE

Matthew 23:23, 24

Jesus taught us that spiritual hypocrites are unbalanced in their spiritual priorities. They major on minors and ignore essentials. This we could expect from unsaved leaders, Matthew 23:13, who prey on the helpless, Matthew 23:14, who proselyte followers, Matthew 23:15, & are basically dishonest, Matthew 23:16-22. "Woe unto you, scribes and Pharisees, hypocrites! for ye pay title of mint and anise and cummin, and have omitted the weightier matters of the law, judgment, mercy, and faith: these ought ye to have done, and not to leave the other undone." Matthew 23:23. These men tithed even the smallest herbs out of their garden as an example to others on giving. Their mind was on the widow's house instead of the widow, Matthew 23:14; the gold instead of the God of the temple, Matthew 23:16, 17, 21; the gift rather than God's altar, Matthew 23:18, 19; and stressing the giving of the tithe over judgment, mercy and faith, Matthew 23:23. "Ye blind guides, which strain at a gnat and swallow a camel." Matt 23:24.

Judgment speaks of justice. How many clergy are concerned about justice today? The only kind of justice most of them push for is money for Communists revolution overseas; government programs for increased socialism at home; ecumenical programs to destroy religious liberty in the name of unity; and social programs to satisfy the carnal church member. Who cares about the millions of murdered babies who die without hope of a judge, a jury, a trial, an appeal, or a stay of execution. They are too concerned about defending the rights of murderers, rapists, homosexuals, thieves, and other social perverts. True justice suffers today because America is

filled with milktoast hypocrites behind the pulpits who have abandoned the absolute moral standards of the Bible in support of the situational ethics of Humanism.

The second major issue Jesus said the hypocrites left undone was mercy. We live in a land where mothers receive mercy by allowing them to murder their babies. We live in a land where innocent victims of murder, rape and robbery receive less mercy than the criminal.

The third major issue Jesus said the hypocrites left undone was faith. True Christian faith has but one source, the Word of God. Romans 10:17. "So then faith cometh by hearing, and hearing by the word of God." Justice and mercy are perverted in America today because they are no longer based upon the truth of God's Holy Word! The Bible has become a religious icon to most clergy today. There is not one preacher out of a hundred today who still believes every verse of our traditional reformation Bible to be final authority from God. Most clergy will lie to cover their unbelief or lack of faith. (adv.)

Officials Agree on Site in Detroit For New Prison

Warren M. Hoyt, Executive Dir., MPA

State and local officials have reached agreement on a site for the first of 10 planned prisons in Detroit and Wayne County at the same time preparations are being made to release prisoners early from the overcrowded system for an eighth time.

A Department of Corrections request for \$20,000 to appraise the private property occupying half of the 16-acre site on Detroit's east side was postponed when the Joint Capital Outlay Committee was unable to meet for lack of a quorum.

The three private parties owning the land are asking \$3.5 million. Detroit owns the rest and will donate the property for the 500-bed "multi-security" facility.

Department spokesperson Gail Light said if everything goes well and the Legislature appropriates the \$33-\$35 million needed for the project, the facility could open by 1988.

She said the department places priority on the project building at the same time or before one in Lapeer County, where a site and planning funds have been approved. "Most of our clients come from there. It's the responsible thing to do," she said.

Another regional prototype \$35 million 500-bed prison is under construction in Plymouth and should be open in 1986. A site west of Lansing in the state Secondary Complex is still under consideration. They are part of a Corrections Commission plan calling for eight new prisons to open by the mid-1990's.

Light said they would probably be for men, although coed facilities have also been discussed.

Senator John Kelly (D-Detroit) whose district would get the proposed institution, said people in the area are supportive of a decentralized prison system and they are

continuing to look at sites.

Kelly noted the plan would have to be sold to community groups and it is separated from the residential community. He did not see a need to oppose its location there.

The commission is scheduled to meet to require Governor James Blanchard declare for the eighth time an overcrowding emergency for men's prisons.

Light said the 12 prisons and 10 camps are 132 over the 12,300 person capacity and the emergency order would slice 90 days from the minimum sentences of inmates not serving life or mandatory minimum sentences.

That means prisons who have been in the system since the first order will have had nearly two years out from their original sentences.

Light said trends indicate overcrowding emergencies will continue at a rate of two a year for the men's facilities until the new facilities open or something else, like sentencing guidelines, is done to artificially reduce prison populations.

Meanwhile, Oakland County Prosecuting Attorney L. Brooks Patterson called the overcrowding emergency act "absolute insanity," that is letting inmates "take a year off of a year served" and helping release prisoners who are committing murders and other crimes.

The Legislature, he said, "should be forced by public outcry" to repeal the overcrowding emergency statute.

Patterson also blasted the proposed prison construction format, saying there are state owned buildings "we could convert at a fraction of the cost" of new construction. He also said the Kinross prison in the Upper Peninsula could "accommodate twice the number and not one nail would be driven at public expense."

BOOSTERS DONATE — John Naour, one of the board of directors for the Grayling Youth Booster Club, hands Mike Eva from C.O.O.R. a check for \$280 to help pay for four Crawford County youths to compete in the summer Special Olympics May 31-June 3 at Mt. Pleasant.

Cancer Drive Underway

"Half of those who die from cancer could and should be saved," said Valerie Lehti, Vice-President of the American Society's Crawford County Unit in announcing plans for the 1984 educational and fundraising Cancer Crusade. "Our goal is to save as many lives as possible by telling people what they can do about cancer prevention and early detection," she said.

More than 90 volunteers are preparing to bring life-saving information to Crawford County residents during the American Cancer Society's annual campaign which takes place during May, Cancer Control Month.

Marge Morford of Grayling, 1984 Crusade Chairwoman, said: "This year, volunteers will be distributing information on the two most common and deadly forms of cancer."

A folder offering a "Quick Test on Cancer Risks for Lung, Colon, and Rectum" will be given to all residents during a door-to-door campaign.

"Everyone has some built-in risks...personal and family medical history, age, lifestyle, and health care behavior. By taking this test, people can find out how these risks apply to them," added Chairman Marge Morford.

The test also contains sections that explain the answers and describes measures to take to help protect against these cancers.

"I hope that everyone in Crawford County will have a chance to take this important test and give generous support to the 1984 Cancer Crusade," added Marge.

Troop 997 News

by Todd Pfaff

On the evening of Monday, May 14, members of Boy Scout Troop 997 attended the Cub Scout Pack 3993 meeting at Grayling City Park. During this meeting, the Webelos Pack held their annual Arrow of Light ceremony, after which its members graduated to Boy Scouts with the bridge crossing ceremony with the Scouts there to congratulate them on their graduation, and to welcome into Troop 997. These new Troop members are Nathan Ginther, James Mattson, and Todd Neely. Welcome aboard guys.

Congratulations are also in order for two of our older Scouts. To Carl Ohsowski for achieving the rank of Star Scout, and to Chris Thompson for earning the Camping Skill Award, and the Swimming Merit Badge.

If anyone is interested in getting involved in the Scouting movement in the Grayling area, may it be in joining Boy Scouts, or in becoming an adult leader, I would like to hear from you. Please give me a call at 348-8873, and I will answer any questions that you might have.

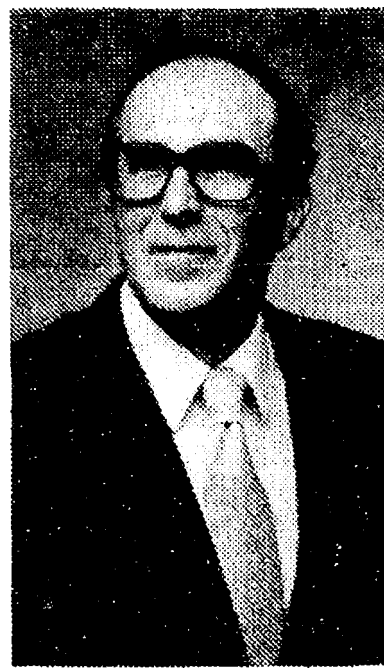

NEWSPAPER NEWS

Yes, the trailer is just about full. But Troop 997 still needs your old newspapers. You may still bring them to the Crawford County Road Commission complex located on M-72 East near the I-75 overpass. Our thanks to those people who have neatly bundled and piled your papers on the trailer, as it makes it easier to work with them. If you are unable to bring your papers to the trailer, you may give me a call at 348-8873, and ask for Todd. I will then make arrangements to have them picked up. Again, Troop 997 truly appreciates your contributions.

Editor's Mailbox

May 7, 1984
Enclosed you will find a short story that explains my feelings towards the recently enforced physical training (P.T.) regulations here in Graylings' National Guard. Several wives of our servicemen and the servicemen themselves can identify with my feelings. I have been encouraged by my friends to send this to you and ask that you print it in your newspaper as a Letter to the Editor.

Summer camp for Graylings' National Guard begins in less than two weeks and everybody is in a tither. Men are dieting frantically, on diets that are not medically safe. Their wives are completely frustrated trying to plan and serve two separate dinners each evening. This new regulation has caused panic, illness and needless bickering within the families of our countries protectors. I would like to add, that most of the men that I know who are trying frantically to lose this weight are less than 15 pounds over the allowed weight. Many of them are over the age of 40 and dieting is extremely difficult for them. These few extra pounds

do not hinder their abilities to work and train others. I would like to see an initiative for this weight loss as well as a longer period of time in which to lose it. Getting into shape is important, and I agree with the strategy. I do feel however, that we should do it sensibly and willingly, not under the threat of being forced to leave our nations most precious defense.

Sincerely,
Debbie Garnett

Patriotism & Honor By the Pound

In the past few weeks, I have found myself acutely entangled in the web of the "P.T. Spider." I have decided to call him a spider for two reasons. First of all, because the spider has a frightening appearance for many of us. Just the sight of him makes you stand up and take notice. Secondly, because he weaves a mysteriously beautiful web, with the ability to capture both friend and foe.

The National Guard, here in Grayling, has taken on the

appearance of the spider, with its newly enforced P.T. (Physical Training) regulations. One of the most important factors in this P.T. experience, is a persons bodily weight. What are they saying? Do they feel that if you are overweight, you don't have the stamina to get the job done? Do they feel that being overweight hinders bravery and courage?

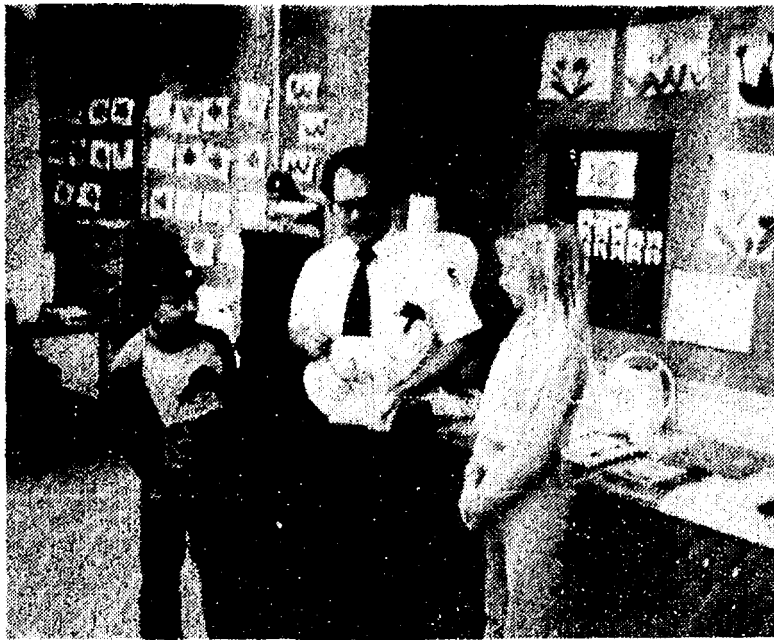

"Sorry Santa - you'll have to lose that belly and trade your red suit in for one in camouflage. No...it doesn't matter where your heart is, or what your abilities are. If you don't meet our physical requirements... By the way, how fast can you run the mile? What? How many years have you been doing a good job? New regulations, You're out....."

The future of the protection of our great country lies in the hands of men who love it enough to die for it. Can this love be measured by the inch or the pound? What happened to virtue, dignity, honor and pride? How do you measure these qualities? What good does it do, to have our country protected by men whose abdomens ripple like washboards, if they don't have the "guts" to get the laundry done?

I have spent several weeks trying to plan meals high in protein, and low in carbohydrates. A diet that seems to work well, for the man that I love. A diet to help him lose a few pounds so that he can continue serving his country. A man who is tall, strong, and powerful. A man with more patriotic pride than John Wayne, himself. The American flag flies at our home. It is his honor. A man who instinctively stands at attention, saluting the flag, wherever and whenever the National Anthem is heard.

Physical training is important. But should its importance be used as a threat? Should it be driven to the point of distraction? I think not. Many of the rest of the men in the National Guard are also on these crazy diets, struggling to lose a few pounds, to be allowed to continue on with their patriotic duties. Where is the initiative? Where is the praise? Doesn't it matter that these men proudly sacrifice one weekend each month and two weeks every summer to continue serving our country? Doesn't it matter that they are skilled workers, proficiently trained to not only perform their duties, but to teach and train others to do them also? Does the size of your waist hinder your patriotic honor? I think not.

Yesterday, I saw two grown men break, splurging into a piece of pecan, raisin pie. I heard them discussing their abilities to run "the mile." A chuckle and yet a fear of the unknown. What if? What if I can't do it fast enough?

STAMP CLUB — Fred Allen from the Grayling Post Office came to Mr. Hatfield's fourth grade class to talk about the Ben Franklin Stamp Club. Mr. Allen gave everyone a stamp album and a first day cover. Mr. Allen said that the first people who get as many stamps as possible will win a stamp kit with western stamps in it. Andrea Austin is on the right side of Mr. Allen and Matt Bellish is on the left side of him. By Karen Febey, 4th grade.

Students Help Fix Statue of Liberty

Mrs. Knibbs second grade class is selling tickets for a quilt that we made. We are hoping to get a lot of money because the Statue of Liberty is falling apart and we want it to be fixed. So we sell tickets for our quilt. Then they pull out a stub and whoever has the other part gets the quilt.

Melanie Ross
We have been raising money very much to help the Statue of Liberty. Maybe you can help us. We've been working very hard. Miss Liberty came apart. It did not come to us like it is now.

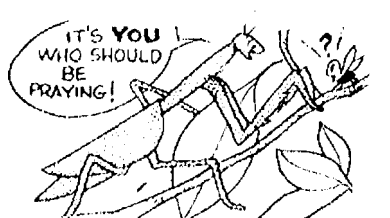

Matt VanSickle
We are selling tickets and we are going to have a drawing for a beautiful quilt. The proceeds are for the Statue of Liberty. They make poems because she is so loved by almost all Americans. Americans love it a lot.

Heidi Goeckerman
The Statue of Liberty is very famous. The designer faced her like his mother. Mrs. Knibbs second grade made a quilt and sold tickets (10 cents each). The statue is chipped and old and Mrs. Knibbs class is earning money to save it. So far we have not made too much, but we are working on it. Maybe you could help. We will try to come to you.

Amanda Bankert
Mrs. Knibbs second grade class is making money for the Statue of Liberty by selling tickets. We made a quilt and on May 28th someone will win it. 33 kids made the quilt by hand and sewing machine. The statue is falling apart. They need money for a 100 year old lady.

Rachel Bennett
Our second grade class made a quilt. We are selling tickets which are 10 cents apiece. We are earning money to help rebuild the Statue of Liberty. You will find the quilt at Wieber's Emporium. It is a beautiful quilt. You will like it when you see it. It is red, white and blue. Our class sewed it by hand and then our teacher brought her sewing machine and showed us how to sew it and make it tighter.

Patient Lounges Redecorated at Mercy Hospital

Grayling Mercy Hospital completed redecorating three of their four patient lounges on second floor with money donated to the Dr. Paul A. Dosch memorial fund and from the hospital Auxiliary. The \$8,300 project was completed last week and included new carpeting, chairs, couches, tables, bookshelves, light fixtures and paint for the Critical Care Unit, 2-South and 2-North lounges.

Jim Packard, vice president, said the remodeling was long overdue and acknowledged the individuals who had contributed to the Dr. Dosch memorial and members of the Auxiliary for making it all possible.

Mrs. Bernadine Dosch, wife of the late Dr. Dosch, said she was pleased the memorial money donated in

her husband's name was used to redecorate the lounges. She said Dr. Dosch was a people person and he would have been pleased to see the money used for purposes which add to the comfort of hospital visitors during often difficult periods for them.

Prior to redecorating, the lounges had furnishings used in the lobby and lounges of the hospital before the expansion in 1980. The floors were uncarpeted and the furniture was not designed for the purposes it had been used for.

The Hospital Auxiliary had donated \$2,500 in September of last year towards the remodeling of lounges. However, they voted in April to increase that amount to \$4,500 to allow for the addition of carpeting and painting of the walls.

Mr. Packard said the newly remodeled lounges are very attractive and offer a much warmer environment for our patients and guests. "The comfort of our patients and guests is very important to us, it greatly enhances the image they will carry of Mercy Hospital," he added.

Youth Choir Here May 29th

The "New Life Singers" Youth Choir of the First Baptist Church, Booneville, Arkansas, will present a youth musical "On The Rock" at the auditorium of Grayling High School on the evening of May 29th at 7 p.m. The public is cordially invited by Grayling Baptist Chapel and the Pastor Donn Broeker to share in this unique musical ministry.

The group of 40 musicians will be sharing with the church in conjunction with a five state tour through Arkansas, Missouri, Michigan, Indiana, Illinois, with a week long mission endeavor in Houghton Lake, Mich. The singers are made up of high school young people, grades seven through twelve. The select group of singers are mostly members of the First Baptist Church. The youth who make up the musical group are representatives of every facet of school - athletic, academic, and music.

The music that will be presented is a youth musical by Walt Harrah entitled "On The Rock". The presentation will be one of eleven concerts which will be presented by the tour group, during their tour from May 24 thru June 6.

The director of the group is Mr. W.C. "Skip" Wofford who is the Director of Music and Youth at the First Baptist Church, Booneville. Mr. Wofford is a graduate of Ouachita Baptist University, Arkadelphia, Arkansas. He has served in his present capacity for eleven years.

The "New Life Singers" have made previous mission tours to Detroit, Mich. and through Eastern and Central Oklahoma. They were chosen to be the representative choir at the "Young Christians" weekend in Silver Dollar City, Missouri, and participated in a mission endeavor in the Dallas and Oklahoma City area, they toured six southern states with a two day stop at the World's Fair. Last year they spent a week doing Vacation Bible School, backyard Bible clubs and concerts in a four state tour to Walsenburg, Colorado and back.

Par For The Course

The Grayling Country Club started their social season with the opening dinner-dance party on Saturday evening, May 12, 1984. A delicious prime rib dinner was catered by Barry McClanahan and his staff of Bear's Country Inn. Music for dancing was furnished by Bob Greenwood of WQON. About 60 people enjoyed the dinner and an evening of dancing to all types of music. The clubhouse was decorated for the occasion with lavender potted flowers to welcome in spring. Chuck and Marilyn Fick chairmanned and hosted the event.

The next party will be a Sunday afternoon golf party on June 3.

The Wednesday Women's League started their regular play on May 16, 1984, when all reported to the clubhouse at 8:30 and drew for four-somes. Low scores, minus two holes, were won by Shirley Bendig and Corrine Smith in Flight A, Carolina Glaza and June Schwarz in Flight B and Faith Stripe in Flight C. Low gross in A was Shirley and Corrine with a 42 each, Caroline with a 48 in B and in C there was a tie between Joyce Sorenson and Ricki Stahl with 58 each. Low net in A went to Corrine with a 32, in B to Caroline with a 31, and to Ricki and Joyce with 38 each. Edie Blaha in A had low putts of 14, June Schwarz in B with a 14 and Faith Stripe in C with a 17.

Forty-five women are signed up for the Auxiliary League this summer. A luncheon of turkey, ham, and roast beef with a fix-your-own sandwich and wild rice was served. Following luncheon a short business meeting was held.

PUBLIC NOTICE

Crawford County is proposing to make application to the Michigan Small Cities Community Development Block Grant Program, FY1984 for \$270,000.00 Grant. The \$270,000.00 is ninety percent (90%) of the Total cost of \$300,000.00 needed to place a clay cap on the portion of the Crawford/Otsego joint landfill that has become completely utilized. Placement of the clay cap and reclaiming the site to its natural state is a requirement of Public Act 641 and must be completed prior to licensing of the site now in use. The Block Grant Program limits the amount of Grand funds available to \$400,000.00 for Public Works Projects. The Counties of Crawford and Otsego must provide a collective match in funds of ten percent (10%) of the total project cost of \$30,000.00. This project will benefit all residents in both Otsego County and Crawford County and will not involve displacement of any individuals.

Anyone may come to the Crawford County Housing and Community Development Office between 8:30 a.m. and noon or between 1:00 p.m. and 4:30 p.m. Monday through Friday to make comments and or examine the proposed application. Final Planting Date For Corn

June 10 is the final planting date for insured corn according to Charles Fillinger, District Director for the Federal Crop Insurance Corporation (FCIC).

"Acres of corn planted by June 10, insured by FCIC (or by a private company reinsured by FCIC), must be reported by July 10 to receive full crop insurance coverage," says Fillinger.

Acres planted after June 10 should also be reported on the July 10 acreage report (in the "remarks" section) as being planted too late for insurance coverage.

"The final planting date of June 10 is the latest date established by FCIC to plant and expect a normal crop to be produced. Crops initially planted after this date are not insurable unless a late planting agreement is signed by the final planting date", Fillinger said.

Farmers wishing to discuss local conditions, such as excessive moisture, that may affect planting should contact their local, authorized crop insurance agent as soon as possible.

New Light Alcohol Beer Introduced Here

LA from Anheuser-Busch, the first light alcohol beer marketed in the United States by the world's largest brewer, began its surge May 21 into markets across the country.

"LA is not a watered-down version of any other Anheuser-Busch product either," said Michael J. Roarty, executive vice president of Anheuser-Busch, Inc. "It is instead, a new product that reflects the lifestyle trend of the '80s with an emphasis on leisure, recreational activities, personal and social responsibility and physical fitness."

The new beer will be distributed in 12-ounce cans, bottles and non-returnable bottles.

A premium beer, LA has been brewed to contain about half the alcohol content of regular beers, while still retaining the traditional beer taste and characteristics of all other Anheuser-Busch beers.

With its own special brewing formulation LA is brewed from a blend of the finest available barley malt, corn, choice hops, yeast and water.

As with the other Anheuser-Busch beers, LA follows the same "Old World" extra long, natural aging process including the use of beechwood chips. A 12-ounce serving of LA contains 110 calories and 2.5 percent alcohol by volume.

"Consumers will, for the first time, have the oppor-

tunity of choice, the chance to choose an alternative to regular or light beers without compromising their taste expectations," Roarty said.

Volunteers On The Go!

Barnie Engel who is a well-known gentleman in our community for his craftwork and helping others has been with our Volunteer Program for a good number of years. He has built benches, cabinets, gym equipment, the closet shown in the picture, and other items for both Grayling and Frederic Elementary schools.

When I asked why he does it he said he loves working with children and senior citizens. In regard to the children he quoted a Professor he once had; "You never stand so tall as when you stoop to help a child".

To add to his many credits in volunteer work are; RSVP 8 years, Boy Scouts, him and his wife have delivered meals on wheels for the past 3 years; helped in the building of the recreation room at the Senior Citizen Center.

He has been retired for 10 years after working for the State of Michigan for 46 years.

When I asked if he has any hobbies in his spare time he said of course; woodworking and he and his wife enjoy

dancing at the Senior Center.

On talking about the Volunteer programs he said people should get involved because it is both rewarding and interesting and that you can't just sit by and watch the world go by. He added that people have to help people.

Barnie says that he lives by a philosophy that was given him by his professor many years ago; "When the Great Recorder comes to check against your name He will not write if you won or lost but how you played the game." I told him I would pass this on.

Thanks Barnie, for all you have done for our schools and community. The world should have many more Barnie Engels who care about the people and world around them.

If you would like more information on the School Volunteer Program, please call Mrs. Wolf at 348-7841 ext. 52.

Dear Mr. Madsen:
We didn't want to let the opportunity pass to publicly congratulate the Grayling Knights of Columbus on the excellent Mother's Day Brunch they hosted on May 13th.

The newly-acquired K of C Hall is an excellent facility, and the brunch itself can only be described as lavish. The cordial atmosphere and friendly assistance of the volunteers in charge of the project topped off the experience.

This event was really a ray of sunshine on an otherwise unseasonably-bad day.

State Police Participate In "Operation Care" Memorial Day Weekend

Michigan State Police will again participate in "Operation Care", emphasizing traffic safety this Memorial Day holiday weekend, May 26-28, according to department director, Col. Gerald L. Hough.

Hough explained that "CARE" — an acronym for combined accident reduction effort — has been a campaign in this and other states for several years, helping to hold the line on summer traffic casualties. Michigan's participation in the "CARE" effort last Memorial Day weekend held traffic deaths to 13, he noted.

"We will have an additional 3361 hours for troopers to patrol the highways over this holiday," Hough explained. A State Police helicopter will report traffic conditions on I-75 from Detroit through the Flint and Bay City corridor.

The State Police have also joined the Automobile Club of Michigan in an eight day voluntary buckle-up program aimed at state motorists from May 24-31. Called

the "All American Buckle Up" — the campaign's theme is to double the 18% of motorists now using seat belts.

Over the past five Memorial Day holidays in Michigan, only one of 45 persons killed in a motor vehicle was wearing a seat belt. By wearing a seat belt, a minimum of 300 lives could be saved annually in Michigan, Hough said.

Hough urged motorists to exert extra effort by following these guidelines:

- Drive at reasonable speeds, ease up at night and during inclement weather;
- Avoid following other cars too closely;
- Give proper turn and stop signals allowing other motorists time to react safely;
- Pass only when it's safe to do so;
- If you drive, don't drink. Let someone else do the driving;
- Be especially alert concerning pedestrians, bicycle and motorcycle traffic.

Chimera

Releases Survey

The staff of Chimera, the creative arts magazine, has released a survey form in its fourth issue. This survey form will help the magazine staff learn how to better use Chimera to help serve the creative community of Northern Lower Michigan. Several questions are asked of the reader on the front of the form and the back has plenty of space for other comments from the reader. Most businesses selling Chimera are also collecting the forms after the readers have completed them. The Chimera staff asks those filling out the surveys to be sure and read through the fourth issue.

The fourth Chimera features several changes. Both the magazine's lay-out and content have been altered. Chimera now features a greater diversity of themes in the works it contains. The new "Billboard" page showcases local arts news and information on creative writing organizations, contests and workshops.

Chimera is published by the 4-H Literary Club of Crawford County. New writers and artists are welcome to send their work in for publication to: Chimera, 808 Park St., Grayling, MI 49738. Chimera is available locally at John's Hallmark in the Mini-Mall, Grayling.

Vikes Win 4 Straight

9-RUN INNING — Jeff Branch fouled off this pitch but hung in to punch a single through the hole to contribute to Grayling's nine-run first inning against Cheboygan. Branch leads the team with six home runs this year.

Grayling won four in a row sweeping double headers from Cheboygan and Gaylord last week.

"We're about one pitcher away from being a very good club," head coach Fred Wolcott said.

"We've been hitting the ball and our defense is okay," says Wolcott, but he would like to see another pitcher come on strong. Senior Jim Stewart had to pitch in both games against Cheboygan picking up both wins. Stewart also won the first game against Gaylord.

Grayling really pounded the ball in 15-5 and 8-5 victories over Cheboygan and 15-5 and 7-6 wins over Gaylord.

After Cheboygan scared Grayling with a two-out RBI double and two-run home run in the first inning, the Vikes came back with nine runs in their first at bats. The first five batters scored in a hitting attack that collected 16 hits for the game. Mike Hickey led the team with 4 for 4. Jeff Branch hit 3 for 3 with a walk, Stewart 3 for 4, Ken Lademan 2 for 3 with a walk, and Dave Brooks 2 for 3 with a walk.

In the second game, Cheboygan outthit Grayling 10-7.

Chamber Chatter

By Joyce Kolka

Chaired by President Joe Wakeley, the Board of Directors of the Grayling Regional Chamber of Commerce held at their annual retreat/workshop at the home of board member Sherry Hanson on Thursday, May 17th. The all day affair, with no interruptions, was the determination of the board to create a "new spirit". This positive community attitude was enhanced by presentations of future goals and objectives of co-operating agencies which the chamber serves.

Jack Alef, Military Affairs Chairman, proposed plans for receptions for the guard of all states participating in summer encampment 1984. Alef discussed the political implications of community co-operation for future developments.

Steven Perry, Kirtland Community College, Office of Community Development, conducted a slide presentation depicting the process of training personnel for the Weyerhaeuser Co. at their start up time and other services provided by the college for area communities.

Jeannette Kitchen, Chairperson of Crawford County Commissioners, stressed the need of total dedication for mutual effort of both the public and private sector.

After lunch, Bernie Fowler, Supervisor of Grayling Township, discussed the concerns of tax abatement for new developments and how to extend similar benefits to existing enterprise. Future plans of combined efforts for new developments were discussed.

Don Schanz, new board member and one of the Executives of Weyerhaeuser Co. proudly informed the group of the community participation of Weyerhaeuser. Schanz detailed outright gifts to the community as well as employment figures, payroll, sales and production and economic impact on Crawford County.

Joe Wakeley, outgoing president, in his capacity as Secretary of Crawford County E.D.C., guided the group through the process of obtaining bonds for a development and the legal procedures to completion. Four recent developments have availed themselves of this opportunity.

Walt Nowak, Executive Director of the Chamber, reviewed the presentations of the day and applied them into a process of goals and objectives called a Program of Work for Fiscal 1984-85. These objectives will be strived for, but will need the co-operation of the entire county community to be successful. These are the goals of the Chamber of Commerce. You can be a part of this "new spirit" of the Grayling area by being a member of the chamber. Just call the office for membership details.

The following officers were elected at the workshop: President, Kathy Ashton, Spikes Keg O' Nails; 1st Vice Pres., JoAnne Box, Holiday Inn; 2nd Vice Pres. John Alef II, Grayling State Bank and Secretary/Treasurer, Dr. Paul Mesack, Grayling Hospital for Animals.

The Annual Chamber Banquet is June 14th at the Holiday Inn. Tickets may be purchased at the chamber office or from any board member.

The Grayling Snowmobile Council Meeting will be held Tuesday, May 29th at 7 p.m. at the Holiday Inn. Businesses who provide services for snowmobilers or who are interested in seeing snowmobiling continue in Crawford County should be present and share ideas for this coming season.

Sheriff White reports that phone solicitations are on the rise again. Many callers are using false identifications and are asking for homeowners charge account numbers. By all means, do not give your charge account number to any telephone caller, even if they say you have just won a trip to Hawaii but they need some identification from you. Call the chamber office or your local police or sheriff office if there are any other questions.

CHURCH DIRECTORY

They have not died in vain — those who paid with their lives the last full measure. Today, Memorial Day, is the day to remember Lexington, Gettysburg, Coral Sea, Okinawa, Normandy, Viet Nam and Korea.

We need only to look at the cemeteries of the world to realize the supreme sacrifice that was called for that we might be secure. As they bravely died, so we must bravely live.

Let us nobly remember those who laid themselves between our country and her foes. This is Memorial Day.

Blood

(Continued from Page 1)

specialists there could successfully accomplish what the first two operations had not.

The third open heart surgery was successful and Matt today is a healthy, happy eight year old who enjoys playing baseball and football.

Obviously the consumption of donated blood in Matt's three open heart operations was enormous. An actual record was not kept, but it is estimated that over fifty pints of blood and blood products were needed.

Who knows, that pint you give Wednesday, May 30th, may be consumed in an equally dramatic "Saving of a Life!"

Remember - Dial-a-Ride will come and pick you up at home, take you to the Legion Hall, and bring you back without charge, if you come to donate a pint of your precious blood!

Diabetes Clinic Wed., May 23

A Free Diabetes detection clinic will be held Wednesday, May 23 in the lobby of Mercy Hospital from 12:30 to 3:30 p.m.

Bruce King, Health Educator at the hospital, said that though Diabetes is a common condition many people who have diabetes are not aware of it because symptoms are not always noticeable. People who have a family history of diabetes, those over forty years of age, those who are overweight, and persons who have felt any of the common symptoms of diabetes (excess thirst and urination, marked increase in appetite, slow healing, itching, or marked weight loss) are especially encouraged to attend.

All persons coming for the test should eat a large lunch two hours before the exam. The test is meant to detect new diabetics so known diabetics need not attend.

Diabetes detection clinics are offered several times each year courtesy of the Grayling Lions Club and Mercy Hospital.

Bonds

(Continued from Page 1)

Crawford County borrows the full amount anticipated in delinquent taxes and then distributes the money to townships, the school districts, and other local units. The once-a-year payment allows these units to plan their budgets instead of waiting for two to three payments each month as residents pay their taxes. The tax notes are repaid as delinquent taxes, interest, and tax administration fees are paid over the next several years.

The tax notes were sold at an 8.5 percent interest rate May 16 at a public sale held in the county courthouse.
